

MAXIMISING DIGITAL TRANSFORMATION

Using Trusted Identities

EEMA'S 31ST ANNUAL CONFERENCE 13TH – 14TH JUNE 2018 Paddington, London W2

Day 1 – Wednesday 13 June

NOTTING HILL / KEW			
09.30	Welcome and Keynotes - A Vision of the Future – How trusted Identities will make a Difference! Welcome: Jon Shamah, Chair, EEMA, UK Chair: Ronny BJones, Director Cloud Identity & Privacy Services, Microsoft Engineering (Cloud & Enterprise), Belgium Kim Cameron , Architect of Identity, Microsoft Corp, USA, <i>The laws of identity on the Blockchain</i> John Jolliffe , Senior Manager, Strategic Development, EMEA, Adobe Document Cloud <i>Cloud Signature Consortium - an ecosystem approach to electronic signatures and other trust services</i> Marco Di Luzio , Head of Digital Consulting, Infocert, Italy		
11.00	Coffee and Networking		
	NOTTING HILL	KEW	WESTMINSTER
11.30	Track 1 Maximising Mobile Identity and Trust through eIDAS Chair: Rick Chandler, EEMA Treasurer, UK Wim Coulier , eIDAS Expert (External Consultant) Belgian Mobile ID, Belgium <i>eIDAS Assurance Level to get mass adoption for Mobile Identity Solutions</i> Jaak Geens , President, Geens.com vzw (NPO), Belgium <i>Securing data online with insights with views on eIDAS and blockchain technology and mobile digital practices</i>	Track 2 GDPR Applied to Process Transformation – the Opportunities and Threats Chair: Carolyn Harrison, Director, Assured Clarity, UK Julian Ranger , Exec Chairman & Founder, digi.me, UK <i>GDPR Customer Centricity and why the new regulations mean sharing more data not less</i> Richard Gomar , Chief Scientist, Consentua, UK	Track 3 Horizon 2020 projects Establishing Trusted Identity Assurance Chair: Arthur Leijtnens, President, FLIGHTmap, Netherlands John Erik Setsaas , Identity Architect, Signicat, Norway <i>Identity Assurance in a European context</i> Bharadwaj Pulugundla , Manager Digital Innovation, Verizon, Netherlands <i>From real world identities to privacy-preserving and attribute-based CREDentials</i>
12.30	Lunch and Networking		
NOTTING HILL / KEW			
13.30	Keynotes: What Industries will be Impacted by Trusted Identities and will see the Highest Gain Chair: Jon Shamah, Chair, EEMA, UK Luigi Rebuffi , Secretary General, ECSO - European Cyber Security Organisation, Belgium Gábor Bartha , eGovernment & Trust, DG CONNECT European Commission, Belgium <i>How eIDAS helps fulfilling KYC obligations</i>		

14.30	Coffee and Networking			
	NOTTING HILL	KEW	WESTMINSTER	OLD BAILEY
15.00	Track 4 How Artificial Intelligence Contributes to Effective Transformation Chair: Steve Kemsley , 3Ten Consulting, UK	Track 5 Establishing Identity and Strong Authentication Chair: Paul Meadowcroft , Chief Product Officer, Konsentus, UK	Track 6 Privacy, Regulation and Legal Issues Chair: Dr Rachel O'Connell , Chief Information Officer, The Trust Bridge	Projects – Track 1 Innovative Procurement: Innovation Programs at EU and Local Level Chair Hugo Kerschot , Managing Director, is-practice, Belgium
	Michael Shamah , Cultural Heritage Consultant, EJ Consultants, UK <i>Using AI to enrich the understanding of the Past – HOPE</i> Huma Shah , Senior Lecturer in Trust in Artificial Intelligence, Coventry University, UK <i>The Impact of GDPR for AI transformation</i>	John Erik Setsaas , Identity Architect, Signicat, Norway <i>Challenges with B2B electronic signatures</i> David Rihak , Head of Sales & Marketing, ADUCID, Czech Republic <i>Fundamental identity components in a digital identity ecosystem</i>	Jacqueline Zoest , Barrister, Campbell Millar, UK <i>Cybersecurity breach - the legal consequences</i> Irene Kafeza , Advocate, Kafeza Law Offices, Greece <i>Smart contracts: contractual, intellectual property and privacy challenges</i>	Jean Lancrenon , Senior Security Researcher, Head of R&Ditrust consulting, Luxembourg <i>bloTope an H2020 project: innovative security & identity aspects in an IoT environment</i> Tobias Verbist , Chief Enterprise Architecture & Innovation, Digipolis, Belgium <i>Antwerp City Platform as a Service: co-creation & innovation</i> Professor Dr, Linas Bukauskas , Vice-President Geens.com NPO, Lithuania <i>Privacy by design: a new practice in business – the Geens.com concept</i>
16.00	Coffee and Networking			
	NOTTING HILL / KEW			
16.30	Informal Round Table Debates Subjects dependent on submissions received on the day at the conference - An opportunity for all attendees to set the topics for discussion Chaired by: Dave Birch , Author and Advisor, UK and Tony Fish , AMF Ventures, UK (EEMA Management Board Members)			
17.45	Reception + Networking + Award			
19.30	End of day one			

Day 2 – Thursday 14 June

08.30	EEMA 32nd General Assembly			
	NOTTING HILL / KEW			
09.30	Keynotes Chair: Ronny B Jones , Director Cloud Identity & Privacy Services, Microsoft Engineering (Cloud & Enterprise) Belgium Richard Pinnick , SVP Global Business, Development Fortress & Founding Partner, HaanSports UK, <i>Sports marketing, business development & fan engagement</i> Evgeny Chereshev , CEO & Founder Biolink.Tech LTD, UK <i>Forget everything you know about private data - how DigitalDNA is changing Internet</i>			
11.00	Coffee and Networking			
	NOTTING HILL	KEW	OLD BAILEY	MAYFAIR
11.30	Track 7 Creating Trusted Identities by Collecting Distributed Data. Chair: Robert Garskamp , Founder, IDnext, Netherlands David Alexander , CEO, Mydex CIC, UK <i>Trusted Data equals Trusted Identities</i> Eleanor McHugh/Romek Szczesniak , Director, Inidsol, UK <i>Privacy by design - minimise data and generate secure identity</i>	Track 8 Applying Blockchain to Digital Transformation: Practical Implementations - Learning from Past Mistakes. Chair: Dave Birch , Author and Advisor / EEMA Management Board Marc Sel , Director, PwC, Belgium <i>Blockchain for financial stability</i> Anthony Macey , Blockchain Strategy Lead, BNY Mellon	Track 9 Establishing Trust in a Cyber Frontier Chair: Arkadiy Kremer , Chairman, RANS, Russia Edona Faslija/Hasan Ferit Eniser , Research & Software Engineer/PhD Student, TUBITAK, Turkey <i>SSL Certificate mis-issuance detection using CT logs</i> Chris Field , Chief Marketing Officer, Yoti, UK <i>Unlocking the full potential of peer to peer platforms</i>	Projects - Track 2 Horizon 2020 Projects LIGHTest Project Chair: Rachelle Sellung , University of Stuttgart <i>Mixing old and new in the LIGHTest project: how can the Domain Name System support current day identification and trust services?</i> Rachelle Sellung , Senior Scientist, IAT University of Stuttgart, Germany Martin Hoffmann , Senior Developer, NLNetlabs, Netherlands <i>Cross border Trusted eID interoperability</i>
12.30	Lunch + networking			

	NOTTING HILL	KEW	OLD BAILEY	MAYFAIR
13.30	<p>Track 10 The Requirements for Third Party Provider Registration within PSD2, as we Move towards Open Banking Chair: Steve Pannifer, Director, Consult Hyperion, UK</p> <p>Josje Fiolet, Digital Customer Onboarding expert, Innopay, Netherlands <i>Onboarding of third parties in an Open Banking landscape</i></p> <p>Aiyapan Sivadasan, Solution Sales Director - UKI, BeNeLux, Germany & Switzerland Gemalto, UK</p> <p>Ralph Bragg, Senior Partner, RAiDiAM, UK</p>	<p>Track 11 Maximise Standards & Seize the Opportunities with IoT Chair, Rick Chandler, Treasurer, EEMA, UK</p> <p>David Frith, Director Cloud Security, CGI, UK <i>The intelligent@Edge Cloud: the technology to process the complexity of multiple IoT devices.</i></p> <p>Irina Brass, Lecturer in Regulation, Innovation and Public Policy Department of Science, Technology, Engineering and Public Policy, University College London, UK <i>Standardising a moving target: IoT security, trust and trustworthiness</i></p> <p>Pete Eisenegger, Consumer Coordinator Digital Standards, BSI CPIN, UK <i>Consumers and IoT - 5 billion consumer IoT products installed and more to come</i></p>	<p>Track 12 Interoperability of Government Identity Schemes – the Opportunities and Threats Chair: Steve Kemsley, 3Ten Consulting, UK</p> <p>Mark King, Consultant, UK Broadsail, UK <i>Standards and the un-economics of identity</i></p> <p>Aljosa Pasic, Technology Transfer Director, ATOS Research & Innovation, Spain <i>How to increase use of government issued e-ID cards by private sector</i></p>	<p>Projects - Track 3 FutureTrust Chair: Jon Shamah, Chair EEMA, UK</p> <p>The FutureTrust project Applications and Pilots in FutureTrust Dr Sophie Stalla-Bourdillon, Associate Professor in Information Technology Law, Director ILAWS & iCLIC, University of Southampton UK and Niko Tsakalakis, Postgraduate researcher, Web Science Centre for Doctoral Training, University of Southampton, UK <i>Data protection by design for cross border electronic identification: does the eIDAS interoperability framework need to be modernised?</i> Andreas Kühne, Trustable FutureTrust's standardisation spinoffs</p>
14.30	Coffee and Networking			
	NOTTING HILL	KEW	OLD BAILEY	
15.00	<p>Track 13 The Kantara Initiative: The Rhythm of Kantara – a snapshot Chair: Colin Wallis, Executive Director, Kantara Initiative, UK</p> <p>(Cameo) Dr Rachel O'Connell, CIO The Trust Bridge, UK Björn Sjöholm, Principal Consultant - Compliance, Nixu Benelux, Netherlands <i>Obtaining 'trusted service' status for service & solution providers - what you need to know</i> Rupert Graves, CEO Adunity, UK <i>Standard purposes for processing personal data are key to an ethical internet</i></p>	<p>Track 14 Continued Maximise Standards & Seize the Opportunities with IoT Chair, Rick Chandler, Treasurer, EEMA, UK</p> <p>Introduction & Moderator: Claire Milne, Partner, Antelope Consulting, UK Panel session with speakers from Track 11</p> <ul style="list-style-type: none"> Irina Brass, UCL, UK Pete Eisenegger, Consumer Coordinator Digital Standards, BSI CPIN, UK David Frith, Director Cloud Security, CGI, UK 	<p>Track 15 Continued Interoperability of Government Identity Schemes: the Opportunities and Threats: Chair: Steve Kemsley, 3Ten Consulting, UK</p> <p>Panel session with:</p> <p>Mark King, Broadsail UK Aljosa Pasic, ATOS Spain</p>	
16.00	Close
